## **1. Message from the Designated Person**

June 30, 2009

The manner in which recognized parties are financed in Nova Scotia has undergone significant change in the past two years with the introduction of public funding to subsidize the operational costs of recognized parties as well as the election expenses of candidates and parties. It is coupled with restrictions on election spending and on the amount of money that individuals, corporations and labour organizations can contribute. The corresponding obligation of political parties and candidates under the *Members and Public Employees Disclosure Act (MPEDA)* is transparency in their financial activities through full and timely disclosure and reporting requirements.

This report on the Political Contributions Regime for 2008 covers the first full year of operation after amendments to the *MPEDA* were proclaimed. The report reflects that compliance with MPEDA and its regulations by recognized parties and their electoral district associations during this period can best be characterized as "spotty."

After *MPEDA* was amended to introduce Nova Scotia's first true political contributions rules, the designated person was charged with developing the operational regulations to effectively implement the amendments. This was done through a consultative process involving all recognized parties. The new *Political Contributions Disclosure Regulations* were formally passed by the Executive Council on September 3, 2008.

During the development of the *Political Contributions Disclosure Regulations*, it was recognized that the regulations had to be viewed as a "work in progress" and the actual impact of the new regime on recognized parties, electoral district associations and candidates had to be monitored. We are now at a point, after a year and a half of reporting by political entities, to be able to assess how the regime is working.

As the legislation stands, there are no prescribed standards for the quality of the information disclosed and, outside of the deregistration process under the *Elections Act*, no consequences under the MPEDA for failure to fully comply within the time limits prescribed. As well, there is no relationship between the public funding of recognized parties and the political contributions regime. That is, there are no mechanisms to compel parties and candidates who accept public funding to comply with the regulations to disclose and report or, in fact, to publish audited annual financial statements.

Are the reporting requirements being met? Not consistently. Are there aspects of the regime, whether in the *MPEDA* or the *Political Contributions Disclosure Regulations* that require adjustment?

These concerns are serious enough to suggest that a consultative process to address these questions and remedy obvious deficiencies is justified.

Christine McCulloch, Q.C.  
Chief Electoral Officer  
Designated Person under the *Members  
and Public Employees Disclosure Act*

## **2. Recognized Parties**

Annually the official agent of every recognized party is required to file a Statement of Political Contributions. This statement discloses the name and full residential or business address of each contributor whose contributions received by the official agent during the previous calendar year exceeded \$50 and the total amount of contributions by that contributor. Filing is with the “designated person” pursuant to Section 14 of the *Members and Public Employees Disclosure Act (MPEDA)* and in accordance with the *Political Contributions Disclosure Regulations* made under *MPEDA*.

For purposes of the 2008 reporting period, January 1, 2008 to December 31, 2008, there were four recognized parties in the Province of Nova Scotia, namely, the Green Party of Nova Scotia, the Nova Scotia Liberal Party, the Nova Scotia New Democratic Party and the Progressive Conservative Association of Nova Scotia. The filing responsibilities of recognized parties are set out in Appendix B.

Of the four recognized parties, three have satisfied their statutory reporting requirements. Section 177D of the *Elections Act* requires the Chief Electoral Officer to deregister a recognized party that fails to comply with Section 14 of the MPEDA unless satisfied that the recognized party has rectified the contravention. The deregistration process with respect the non-compliant party has been initiated.

Recognized parties are also required to file a summary of tax receipts entitled *Recognized Party's Annual Statement of Contributions for Which Official Tax Receipts Issued*. It is worthy of note that the total amount for which tax receipts are issued does not correspond exactly with the total disclosed contributions reflected in this publication. This is for three reasons. Firstly only certain contributions qualify the contributor for a tax receipt. Secondly, a tax receipt may or may not be issued for a qualifying contribution. Lastly, disclosure is only required if the contributions by any single contributor exceed \$50 in a calendar year.

## **5. Electoral District Associations**

There are 52 electoral districts in Nova Scotia. From each a single member is elected to represent the people of that district in the House of Assembly. In 2008 the Nova Scotia Liberal Party, the Nova Scotia New Democratic Party and The Progressive Conservative Association of Nova Scotia each had 52 electoral district associations. As at the date of publication, no electoral district associations of the Green Party of Nova Scotia had been registered in accordance with the *Elections Act* and the *Members and Public Employees Disclosure Act*.

An electoral district association, with the endorsement of the leader of the recognized party, must register in the prescribed form with the Chief Electoral Officer. The information contained in this registration must be confirmed annually pursuant to Section 177C of the *Elections Act*. Of the 156 registered electoral district associations, 152 confirmed their registrations with the Chief Electoral Officer by filing the prescribed form, Form 612, *Annual Report of Electoral District Association*.

Of the 156 registered electoral district associations, 152 filed Form 4, *Electoral District Association's Annual Statement of Political Contributions* for the 2008 reporting period. The deregistration process with respect to those electoral district associations who have not filed has been initiated as required by Section 177E of the *Elections Act*.

### History of Political Contributions in Nova Scotia

Prior to March 2, 2007 the rules around political contributions were basic. Recognized parties, electoral district associations and candidates were required to file a disclosure statement showing the full name and residential or business address, of each contributor whose contributions during a calendar year exceeded \$50 in total. Public funding was limited to partial reimbursement of candidate election expenses and a specific tariff for audit of candidate election expenses. There were no rules respecting the total amount of contributions that any contributor could make in a calendar year or contributor eligibility. Disclosure statements were published by the designated person as provided by the reporting entity, without review.

On March 2, 2007 amendments to the *Members and Public Employees Disclosure Act (MPEDA)* were proclaimed in force. They are contained in S.N.S. 2007, c.1 and c.9, s. 29. These amendments contain four significant components:

**(i) Public funding of recognized parties**

The amendments to the *MPEDA* set out the rules that define entitlement to public funding, provide the formula for the calculation of public funding levels and establish the timing of payments. Public funding was payable to the recognized parties under the amendments starting on January 1, 2007.

**(ii) Contribution limits**

The amendments to the *MPEDA* established contribution limits for the first time in Nova Scotia. An eligible contributor may contribute a maximum of \$5,000 in each calendar year to each recognized party. For purposes of the contribution limit a recognized party includes all electoral district associations and candidates affiliated with that recognized party.

**(iii) Contributor eligibility**

The amendments to the *MPEDA* placed restrictions on contributor eligibility for the first time in Nova Scotia. Only individuals ordinarily resident in Nova Scotia are eligible to contribute. A corporation may contribute provided the corporation is incorporated by an Act of the Legislature or is doing business in the Province and exempt from registration. A partnership registered under the *Partnerships and Business Names Registration Act* or a partnership doing business in the Province and exempt from registration may also contribute. A certified bargaining

agent or a labour organization representing workers in the Province may also make political contributions.

### (iv) **Audited financial statements**

All recognized parties were required to publish audited financial statements reflective of the date the amendments came into force (March 2, 2007). Additionally, all recognized parties are now required to publish audited financial statements within 120 days of the end of their fiscal year. The audited financial statements must include all moneys or funds held by or in trust for the party at the end of their fiscal year.

At the time the amendments to the *MPEDA* were proclaimed there were basic regulations in place. In light of the new statutory requirements in the *MPEDA* these regulations were repealed and replaced by new regulations by Executive Council on September 3, 2008. The new *Political Contributions Disclosure Regulations* were developed through a consultative process with the recognized parties. The *Political Contributions Disclosure Regulations* provided the rules necessary to fully implement the *MPEDA* and provided a means by which all recognized parties, electoral district associations and candidates could demonstrate their compliance with the *MPEDA* in an open, consistent and transparent manner.

Elections Nova Scotia has developed a Compliance Assistance Program which has educational and financial components to enable recognized parties, electoral district associations and candidates to meet their new obligations as easily as possible without sacrificing the values of transparency and accountability to our citizenry.

The amended *Members and Public Employees Disclosure Act*, the new *Political Contributions Disclosure Regulations* and the Compliance Assistance Program together constitute Nova Scotia's political contributions regime. The Province has evolved from a state in which it had only a basic contributions disclosure requirement with minimal administrative rules enacted in 1991 to a multi-faceted and complex political contributions environment designed to serve the interests of all Nova Scotians.
